

Serial No. **10/575,860**

Docket No. **K-0800**

Amdt. dated December 11, 2007

Reply to Office Action of September 26, 2007

ABSTRACT

A microwave oven is provided. The microwave oven includes a body forming an outer appearance, an inner case in the body having a cooking chamber formed therein, an outfit room at one side of the inner case, having various electric parts, such as a magnetron and a high voltage transformer mounted therein, and a convection assembly mounted at a side of the inner case for transmitting heat to the cooking chamber, thereby providing an excellent performance even with a small size.
